

DRESS CODE

The wearing of the Jamestown Community School uniform demonstrates pride in the school and ensures that safe, appropriate clothing is worn. Jamestown Community Governing Council has an agreed policy, which clearly outlines the uniform to be worn by students.

All students are requested to wear school uniform. The school reserves the right to expect that students will be attired in a manner that recognises Jamestown Community School as a learning institution. We also reserve the right to expect that if students are going off-site representing the school, they will be attired in the recognised school uniform.

Please note that the wearing of sandals is not permitted in Design & Technology, Home Economics Centre or Science laboratories. This is a safety requirement and students must wear more substantial footwear on days when they are attending classes in these centres. Certain clothing that is offensive or makes a student conspicuous amongst other students is not permitted.

Second-hand and new uniforms may be purchased through the uniform shop which is run by the Parents and Friends on alternate weeks, Thursday afternoons and Friday mornings. Details are advertised in the school newsletter.

Any questions concerning uniform can be directed to the Parents and Friends committee.

1. The school uniform colours are navy blue, white and gold.
